PERMITTING GOVERNOR TO

CALIF.

UP TO THE LEGISLATURE

Gives No Intimation As To Who May Be Selected—Action Eliminates Himself As a Possible Candidate For the Office.

Madison, Wis., Oct. 31.--In a statement issued late Tuesday Governor E. L. Philipp made plain his position on the Senatorial situation arising from the sudden death of United States Senator Paul O. Hustlag.

The governor will not be a candidate for the senate.

He will include in the call for the coming special session of the legislature a request that the legislature give him power to appoint a man to fill the vacancy until the next regular election in 1918. He declares that he does not seek the advancement of any friend but that he will select the strongest man in the state whom he can induce to take the office.

He says the man must stand with

The governor's statement follows:

"The people of the state are anxious to know what steps will be taken to fill the vacancy caused by the death of Senator Huston, and in order to set at rest any speculation as to the course I shall pursue I feel it advisable that I make a statement now and tell the people what my intentions are."

"The federal constitution provides that vacancies be filled by election but gives the state or territorial authorities the right to fill temporarily by appointment if such power is given to the executive by the Legislature. Appointments so made hold good until the next general election which, in the case of the United States, is the election, November, 1918.

"I believe it would not be in the best interest of the state to call an election at this time. I have many friends who are for peace and anti-war propagandists to fill our state with their literature and their advocates. All of which would be designed to

"Furthermore, a primary and special election would cost the people of the state over two hundred thousand

dollars. While this will be represented as a small sum by those who wished to be candidates or who have the interest of a candidate in mind, nevertheless, at this time, when the people are called upon to meet tremendous war expenditures, the amount is sufficiently large to deserve our consideration.

"I propose to call a special session of the Legislature in the near future for such legislation as is necessary to meet the war emergency, and to select the members of the committee to call and for authority to fill the vacancy.

"In order to forestall the argument that will be made that I have some man in the state whom I can induce to myself or some friend, I will say that if it is my privilege to make an appointment, I shall select the strongest in the state whom I can induce to take the office. He will be a man who will stand with the national government in our present crisis and not a rank partisan politician.

"Personal friends have expressed the wish, and political enemies have expressed the wish, that I might be a candidate in the case an election were held, as has been suggested by a few nervous politicians, that I might by inadvertence place myself in the office if the place is filled by appointment. In reply to all such statements I wish to say that I am not a candidate for the office of United States Senator and do not wish the position for myself. The people have elected me governor of this state and propose to serve such a term for which I have no further interest. It may

judgment that I may render the people a service during the balance of my term that they need, and the privilege of which I do not wish to forego."

THOUGHTS TO THINK ABOUT

Happiness is not discovered by him who seeks it for his own sake. It is but the reflected glory that comes to us from the radiant sunshine of another's heart.

Promises plenty make doing doubtful; performance is seldom announced by advance agents.

Friends forgive each other's failings; new friends are made by forgiving enemies.

Where truth is not constantly proclaimed, the lie is sure to lurk.

VOICE OF THE PEOPLE

To the Editor of the Gazette—Dear Sir: I am sending you an interesting article published in the Dairyman, regarding the cost of milk to the farmer, which I wish you would publish.

The farmers who produce milk for the St. Louis and Chicago markets are demanding \$3.42 per 100 pounds for their milk from the dealers. Now there are 45 quarts in 100 pounds of milk. This makes the price 7.6 cents a quart. After that the dealer must take the milk and bottle it, care for it and deliver it to the consumer. In this controversy the farmers are asking less than what their milk actually costs them to produce.

Prof. Oscar Belf of the Ohio college of agriculture makes an extensive and careful survey concerning the farm cost of milk. He shows that when feeds of all kinds are reckoned at present market prices and labor at 15 cents an hour, the cost of the average quality producing 5,000 pounds of milk a year produces it at a cost of \$3.53 per hundred weight. Is the farmer getting rich at these prices?

The howl the consumers raise against paying a fair price for milk shows how ignorant they are of the cost of milk. At 15 cents a quart even if they are buying more and better food at a less cost than they are paying for any kind of food.

It seems very difficult to beat the truth into the heads of milk consumers but it is the everlasting truth nevertheless. The trouble with the milk producers is that they will not identify themselves with other ways of disposing of their milk, and so they are defenseless against any squeeze the dealers may give them. The farmers enter into a combination to demand a fair price for their milk then they are threatened with the anti-trust law. But dealers, lawyers and all would be powerless before a move to divide the milk from city consumption to creamery buttermaking and the raising of more pigs and calves on the skim milk. In the end the net profit would be greater. The farmer cannot be compelled by law to send his milk to the city and lose money on it. The situation is an economic one and the weakest man in the world in this mystery is the farmer.

FAMOUS BAND WILL PLAY ON THURSDAY

The Luther College Concert Band, Dedham, Iowa, is coming to assist in the Reformation Celebration in Janesville. The concert will be given at the Myer's Theatre, Thursday, Nov. 1, to which the public is invited. This band does not suffer by comparison with the best professional bands of the country. The band has made several tours during the summer vacations. The Northwest and Pacific Coast states were visited in 1908 and again in 1911, when the band filled an engagement with the Alaska Yukon Expedition at Seattle.

In 1914, when Norway celebrated the one hundredth anniversary of her independence, the band accepted an invitation to tour that country. One hundred and twenty-seven concerts were given on this very successful tour, in which the band visited the renowned capitals of the world, Washington, Christiania, Copenhagen, Berlin, Paris and London.

Concerts have been given in several of the larger cities of this country, Minneapolis, St. Paul, Milwaukee, Chicago, Cleveland, Brooklyn, New York. In 1915 the band played an engagement at the Panama-Pacific International Exposition, after which a concert tour was made through California, Oregon, Washington and the Northwest states.

The band is composed of forty-five young men from Luther College and is led by Prof. Carlo A. Sperati. Prof. Sperati is a descendant of a long line of musicians. His father was a military band musician and organist as well as musical director of the opera.

Born in Norway, Prof. Sperati received his first musical training in his father's orchestra, his instrument being a violin. He also became proficient in playing the snare drum and piano. At the age of six he appeared as a drum soloist before the crowned heads of Norway, Sweden and Denmark.

The concert opens at 8:15. The public is invited. No admission fees.

MUSIC SOOTHES THE TROUBLES OF BOYS DOWN AT CAMP GRANT

Camp Grant, Oct. 31.—Liberty Loan Day was a holiday in Camp Grant Wednesday, and the day's program was brought to a close in the 331st Machine Gun battalion with a concert given at the Seventh avenue Y. M. C. A. auditorium.

The battalion's splendid orchestra presented a program of exceptional merit, every number of which elicited enthusiastic applause. But the climax came when Major Danmiller, the battalion's "peppery" commanding officer, concluded a short address by suggesting that the 331st become a whistling organization and adopt some good lively march song to sing and whistle on hikes and in the field. Someone shouted "On Wisconsin!" and pandemonium broke loose. In an instant 750 pairs of lips were whistling the stirring music which has inspired Wisconsin's gallant warriors in many a hard fought battle. The orchestra caught the spirit and, led by the director, Sergeant Dietz, from the edge of the stage, started singing. The effect was electrifying and it was with difficulty that the program was resumed. The scene exemplified the wonderful spirit these southern Wisconsin men have shown since arriving in camp, and in a way explains the fact that the 331st Machine Gun battalion has not one "conscientious objector."

Sergeant John Hendricksen, Co. C, sang "A Perfect Day," and was commended to respond to two encores. Sergeant Dietz's cornet solo, "Underneath the Stars," was beautifully rendered. A solo encore he played "The King of the Winds," accompanying himself at the piano. The novelty was so well received that the popular director might appropriately have taken another encore.

The violin numbers of Private Nils Reins were the distinctive hits of the evening. Private Reins was a concert violinist and a teacher of note before becoming a machine gun man, and his playing of "Wiernawski's Polish Dance" was a rare treat. The ever popular Dvorak "Humoresque" was played exquisitely.

The program continued with "Wake Up America—March, 331st Machine Gun Battalion Orchestra," Sgt. Dietz, conductor.

Orchestra personnel: Violins, Capt. L. R. Foote, Private Nils Reins, Co. A, Sgt. J. A. Dietz, Co. B, trombone, Rops, Maxson; piano, A. W. Halgeron; drums, L. F. Mur.

Following the adoption of "On Wisconsin" as the battalion song, Sergeant Dietz, in his capacity of Co. C, indicated a new version of the words. They were instantly adopted and before a great many months the roar of the battle will furnish accompaniment to

On Wisconsin, On Wisconsin, Fight now for the Kaiser, Tie a knot in the Kaiser, Put the Huns to Shame.

On Wisconsin, On Wisconsin, Keep the torch light, fight, fight, And win this game.

Music as one of the pastimes during the leisure hours of the men of Co. C has taken up and a great deal of interest in it is being shown. Since the piano, which the company rents out of its company fund, has been placed in the mess hall it has been in use at all spare times and is very popular with the men. Volunteer pianists are called upon, and some of the men who are not players of instruments have shown talent in the vocal line.

In the instrumental work, First Sergeant Howard L. Smith of Janesville, the members of the pay committee in charge and is busy getting his company orchestra in shape. Sgt. Smith has put in his work and he has kept on the jump from early morning until late at night. There is some very good material, and those interested are having their instruments sent to them in order to be included in the personnel of the orchestra and secure the opportunity to practice together. Music for this orchestra was secured in Janesville by Private John Jones while on his Sunday furlough. The donors were George Hatch and Mr. Ellis, leader of the popular Apollo theatre orchestra.

Another idea that is to be worked out with the men of Co. C was the suggestion of Capt. L. R. Foote while the men were on a hike Saturday morning. There are several good flute players and drummers in the company and the idea is to have these men play when the men go on a hike, as it has been found that he men keep step much better and the walking

does not seem so tiresome when they march to music.

Sunday was a gala day for those musically inclined in Co. C barracks and the plan was in almost continual use all day. Of course there were visitors in the mess hall while the players and singers were busy and some of them volunteered and furnished very acceptable services.

The big session of the day was held in the evening at the instance of Sgt. Dietz and Private Thomas Forrell, Janesville, who had been taking active part in the singing during the afternoon. They secured a volunteer orchestra of seven pieces. A concert was given lasting from 8:30 until 8 o'clock. The personnel was as follows: From Co. C—Charles Maxson, Milton, trombone; Oscar Sebel, Beloit, mandolin; Robert Allen, Beloit, violin; Lee Gunt, New Glarus, traps; Alvin Helterson, Whitewater, piano; Herbert Orford, Apple River, Ill., clarinet.

The proposition of organizing a battalion orchestra and possibly a battalion band was also discussed and may be taken up at a later date after Company D, made up mostly of boys from Jefferson county, has a former bandmaster, Joe Dietz, and a fine saxophone player, Ketchum, by name. Co. A, Dane county, boasts an exceptionally fine violin player in Neis Rein.

In connection with the musical side of life in Co. C, Captain Foote is a skilled violinist and has offered his services on several occasions when the players have been together.

LAKOTA PARTY WAS ENJOYABLE AFFAIR

Many Young People Enjoyed Them—Seives Last Evening at "Hard Times Party" Given by the Lakota Club.

Nearly one hundred couples were present last evening at the annual Halloween party given by the Lakota club at Tarpisneoreen hall. The club has also been successful in the past in their efforts to stabilize the club and many of the young men of the city who are not members of the club at the present time.

It was a regular hard times party, following the idea of having a party of that nature, such as cider, apples, pumpkin pie and Jack-o'-lanterns. The hall was very tastefully decorated for the affair with lighted Jack-o'-lanterns and streamers with hanging lanterns. The orchestra stand was also very well decorated in harmonizing colors.

Everyone who attended the party came with the idea of having a good time and formality was cast aside by the young people, who came garbed in clothes of many styles and ancient cuts. White shirts and evening dresses were worn and it would have been impossible to find one after looking over the entire crowd. The jazz orchestra also was attired in clever costumes.

The club rooms on the floor below the hall were opened to the lady guests during the evening, and were used as a lounge room and a place for playing bridge during the intermission between the dances. A reception was held previous to the dancing, which was the main feature of the evening. At nine o'clock sharp the dancing commenced with the Lakota club orchestra in all their glory on the stand at one end of the floor. The music which they furnished was certainly a credit to themselves, and the statement that they sure had some pep when it comes to making the instruments talk.

Refreshments were served at eleven o'clock. Apples, pumpkin pie, pickles, sandwiches and coffee completed the menu. Throughout the evening a keg of beer was on draught at one end of the floor and many were the frequent trips to that quarter by the young people.

Following the refreshments, the party adjourned to the club rooms for a short rest, where they were entertained by the Lakota club, who, because of their bashfulness, sang in the hall, letting the musical strains drift in through the doors. Many were the comments as to who was garbed in the prize winning costumes, but no two could seem to agree because they all looked alike. One young lady, when asked for her opinion, said that they all looked like "buns" and she could not tell who took the part the best.

PUBLIC SCHOOLS TO CLOSE ON THURSDAY

On Thursday and Friday of this week all the public schools of the city will close to allow the teachers to attend the annual Teachers Convention to be held in Milwaukee on Thursday, Friday and Saturday. This annual affair is looked forward to, not only by the teachers, but by the children of the city as being one of the few vacations of the year.

A large delegation of teachers of the local schools are planning to attend the convention and without doubt Janesville will be well represented at this year's session.

Notice: A meeting of Group F of the Presbyterian church, will be held Thursday afternoon at 2:30 o'clock at the home of Mrs. I. F. Wortendyke.

SUGAR SCARCITY IS RELIEVED BY U. S.

Government Control Over Distribution of Sugar in This Country is Assured.

The sweet question of sugar is now uppermost in the minds of all consumers, retailers and jobbers of the product, which is now exceedingly scarce in Janesville. The household has in the last few days been unable to buy more than 25 cents' worth of friend husband's cup of coffee. Sugar in Janesville is scarce for no other reason than that there is none to be bought either here or anywhere else. This situation will be relieved in a month or so, according to the local sugar trust. The government has recently taken over 200,000,000 tons of Louisiana sugar, which will be as equally distributed over the United States as possible.

According to the local sugar trust, the sugar supply is limited because the huge amount which usually came to this country before the war is now cut off, and sugar beet which has also been purchased here and this has also tended to make the situation more acute.

The federal government has dealers in sugar under control, from the manufacturer down to the retailer, and has set the price for what sugar should be bought and sold. If a retailer offers more for sugar than the price which the federal government fixes, it will simply put the thumb screws on the jobber or wholesaler and then the retailer will be unable to buy sugar. The distribution of sugar, it has been arranged that all sugar must be bought within a certain radius of the sugar factories; this has been done to stabilize the price, and the remainder, which will be sold under government supervision, will be assigned to places where there are no factories. This has been done to stabilize the price and will conserve some sugar for our allies.

Sugar is now selling at 10 cents a pound in Janesville and the government has fixed the price at 8 1/2 cents.

FORMER LOCAL MAN IS NOTED REFEREE

Frank Burch Has Invented a System of Referee Signals Which Proves Satisfactory to Spectators.

Frank Burch, former Janesville resident and well known in the Western and Missouri conferences as a football and basketball referee of note, has invented a system of referee signals which will be able to secure the accurate and correct information from the booth field as to the play being made. The system has been in use by Mr. Burch for the past three years, but it was only recently that the spectators were able to grasp the meaning of the referee's signals. The referee went through with at each game.

The activities of Referee Burch were especially noticeable in the Chicago game last night, when the crowd was greatly interested in his antics. No one who did not know the code was able to determine the cause for his actions, but now all are explained.

There were only ten movements in the code invented by Mr. Burch, but they covered practically every penalty which the rules provide. When the referee grasped his wrist there had been holding on one side or the other. They were equally at loss to know the meaning when he showed a couple of fingers in the air. This conveyed the information that there had been unnecessary roughness.

Referee Burch did not pose for the multitude when he ordered his legs. The spectators were aware that there had been attempt at tripping. A sifting motion of the hands indicated illegal motion, and hands on the hips indicated a foul on one side play. One of the signals was to denote that one or the other side had refused a penalty, something which has always been Greek to the rooters.

The majority of the spectators could usually tell when a forward pass was incomplete, but in order that the reporters might avoid guessing he held his arms extended sideways. When he had any interference between both arms would be folded over the breast. An arm raised in military salute meant that a loose ball foul had been committed by the side taking a touchdown or a goal kicked were conveyed by both arms held aloft.

SURPRISED ON 79TH BIRTHDAY RECENTLY

John Slightam and Wife, of This City Given a Surprise Party Recently in Plummer, Idaho.

While Mr. and Mrs. John Slightam, of North Bluff, were away on a visit at the home of their son, C. M. Slightam, Plummer, Idaho, recently, they were most pleasantly surprised one evening on the occasion of Mr. Slightam's 79th birthday.

About fifteen guests were entertained at dinner, and each one remembered him in some way.

Mr. Slightam, in telling about the occasion, said: "The surprise of my life came about eight o'clock, when a number of young ladies rushed in with bonbon smitten, and best wishes for future years, and there was music, songs, laughter, and the best of times. I assured my fair friends that I shall never forget the bright eyes like violets dropping dew, that came to greet me on the advent of my eightieth year."

Mr. and Mrs. Slightam have returned home.

**JANESVILLE FIRM DONATED
USE OF BIG DISPLAY
BOARDS IN NEW YORK CITY**

The Parker Pen company in their national publicity campaign are making use of quite a large number of illuminated display boards in New York City, some of which are illuminated at night.

When arrangements were being made for the Liberty Loan drive, this company received a telegram from the national publicity committee asking them to contribute a number of these boards, which the company did for the month of October.

In the painting of these signs, which was done in a hurry, an error was made. The big board facing the Brooklyn bridge approach when repeated carried this inscription: "The Plain Duty of the American People—Buy a Liberty Bond."

In their haste to get the work done before dark the word American was spelled with a small initial letter instead of a capital.

The bill board people the next morning received three letters, two telegrams and half a dozen telephone messages calling their attention to the mistake. Mr. Lindgren, the company's representative, wrote: "When in h— I did it come about that 'America' was spelled with a small 'a'."

Tuesday's Markets.
Chicago, Oct. 31.—Another general advance in the hog market yesterday carried the average to highest point since Oct. 18, standing 80c above previous Tuesday, lowest day last week.

Receipts of hogs at all markets in the east and west continued to decrease while the shipping demand at Chicago is increasing. The tendency of values at present is higher.

Average price of hogs at Chicago was \$16.25 against \$15.70 Monday, \$15.40 a week ago, \$9.73 a year ago and \$9.97 two years ago.

Cattle Rule Firm.
Steers sold steadily to strong yesterday and butchering stock was firm to higher, while bulls went steady. Calves averaged 25c higher, but closed weak. Trade on most offerings was fairly active, but no price advance. Packers were limited to 2,000 head and prices looked steady. Quotations:
Choice to fancy steers . . . \$13.75@17.00
Poor to good steers . . . 12.50@15.25
Fat cows and heifers . . . 6.30@12.40
Canning cows and cutters . . . 4.85@ 8.25
Native bulls and stags . . . 5.75@10.00
Feeding cattle, 2,000@1,100 lbs. . . 6.25@11.50
Poor to fancy veal calves 7.50@15.00

Hogs Score Upturn.
Hogs sold largely 25c higher yesterday and closed weak packing kinds losing part of early gain. Small packers supported the market better than the big concerns, and shippers were fair buyers. Big week a couple of weeks ago, a few making \$15. Some of the offerings were late arriving and that delayed the clearance. Quotations:
Bulk of sales . . . \$15.65@16.50
Hog butchers and ship . . . 16.60@16.95

Whitewater News

Whitewater, Oct. 31.—A very enjoyable party was given last evening by the O. E. S. at the Masonic temple. About fifty were present and much amusement was afforded by the "exhibition" of the event being the "White Elephant" arrangement.

Mrs. Ella Haubert left today for San Jose, California, where she intends to spend the winter.

Arthur Magill has gone to Waukegan to work in the motor shops.

Miss Helen Humphrey of Stevens Point spent from Friday till Sunday with friends here.

Dr. A. Larkin of the Cook county hospital was here Monday and Tuesday for a short vacation with his parents, Mr. and Mrs. Wm. Larkin.

About twenty friends and neighbors of Mr. and Mrs. George Linsley gathered at their home last evening and spent a pleasant evening. The affair was a Halloween party, those present being in costumes appropriate for the occasion.

The schools of this city close today so that the teachers may attend the convention held at Milwaukee the next few days.

PETITION FOR THE
RELEASE OF CONVICT

(BY ASSOCIATED PRESS.)
Milwaukee, Wis., Oct. 31.—Petitions are being circulated in Outagamie county asking for the release of Wenzel F. Kabat, former Reedsville man, serving a life term at Waupun for the murder of Michael McCarty, a Kaukauna farmer, and who escaped from the prison three years ago and was at large for two years, during which time he engaged in the tailoring business in Minnesota. A plea for parole of the prisoner is based on the fact that the man is said to be dying and has but a few months to live.

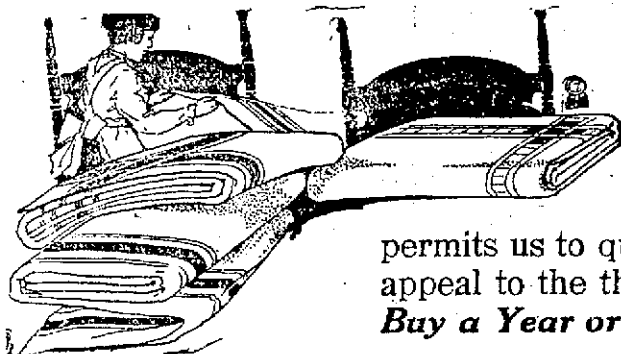

It is reported from other sources that Kabat is not ill or in danger of death.

A previous attempt to secure the parole of Kabat was denied by the state board and the governor, and it is believed his escape some three years ago will militate against him in securing his freedom.

Everyone is looking for bargains these days. The Gazette classified columns contain many of them each day.

Will you help to make this
Christmas a Merry Christmas
for our boys in France?

Yes, it's costing you a lot to live these days—everything's gone up in price, 'way up—it's hard enough for a fellow to "break even."

But wait a minute: thousands of young fellows from all over these United States are now in France. They've gone over to a strange country, among strange people and given up everything—mothers, fathers, wives, money, jobs, everything just so that you, another human being they probably never saw or never will see, can continue to live right here in peace and comfort.

Don't you owe them something for all that? Don't you? Isn't it up to you—ain't it your duty to make some little sacrifice for them?

The Golden Rule is still a rule, you know.

Well then, here's the one thing our boys in France want probably more than they want any other one thing—they want "smokes"! And they can't have them—just can't have them—not unless you dig down right now and see that they can have them.

**All Christmas Contributions must
be in by 12 noon, November 3rd**

If you knew what comfort and pleasure and satisfaction that tobacco bought with your quarter, or your half-dollar, or your dollar, or your five dollars (go as high as you like) would give to some American boys in France this Christmas, you'd forget the money or the little sacrifice, or anything else. Dig down—deep and quick!

25c buys 45c worth of "smokes."
\$1.00 buys a month's supply of tobacco.
\$5.00 buys enough to keep 5 men in tobacco for a month

And remember: Every package of tobacco sent to our boys in France contains a return post card, addressed to you, which he'll mail to you if he can possibly do so. That's a war souvenir worth having!

So that your tobacco can get to France by Christmas and say "Merry Christmas" to our boys—all remittances must be received not later than November 3rd.

Grafonola
and Columbia Records

**It may be a year before you buy a
phonograph — but we want you to feel
welcome at the Columbia dealer's now**

A young man in a southern city used to go into the Columbia store once a month and spend an afternoon looking over and listening to the new records.

He kept it up for over a year.

If you think the dealer wasn't glad to see him every time he came in, you have the wrong idea of the Columbia dealer's attitude toward the public.

One day he came in with a very happy looking young woman and bought a Columbia Grafonola and a cabinet full of records.

We know perfectly well that careful buyers do not want to buy a phonograph on the spur of the moment.

You can feel free to walk into a Columbia Grafonola salesroom, call

for the records you want to hear, and have them played or play them yourself. You can, if you wish, have the instrument sent to your home for trial. This does not obligate you in any way to buy it.

We know that you want a phonograph. We know that sooner or later you will buy one. We know that the better you know the Columbia Grafonola the more likely you are to buy one.

So go to the Columbia dealer's. Take your better-half with you. Listen to the different-priced Grafonolas. Decide for yourself which one you think is nearest ideal for your own use, and, when you are good and ready, buy it.

**Columbia Grafonolas are made in a large
number of models, with the widest range of
prices in the phonograph field.**

Orfordville News

Orfordville, Oct. 30.—Melvin Nelson is confined to his home and his bed by sickness. He is under the care of a physician.

Farmers are fearing that great damage was wrought to tobacco in the shed by the heavy freeze on Monday night. The crop in this section of the state has been curing very slowly and consequently was very susceptible to frost. It will be several days before the extent of the damage can be determined.

Mrs. Syver Anderson died at her home in the town of Newark, on Sunday evening. She was in her ninety-fourth year and up to within a few days of her death was in her usual health. She was among the very early settlers of Rock county and at the time of her coming here, she with others walked from Chicago to the farm which has since been her home. The funeral will be held at the home

and the local Lutheran church on Thursday, conducted by the pastor, Rev. O. J. Kvale.

Mrs. Perry Lofthus went to Janesville on Tuesday and entered Mercy hospital where she underwent an operation. She is reported as doing as well as could be expected.

On Tuesday morning at the Lutheran church a parsonage occurred the marriage of Chauncey Bertran of the town of Plymouth and Clara Simonson of the town of Spring Valley. The young couple were accompanied by only a few friends, the ceremony being a private one. A wedding dinner was served at the home of Mr. and Mrs. Orls Lofthus, after which the young folks left for a short wedding trip. Both parties are well known in this section and have a host of friends who will join in wishing them great future happiness.

The village was surprised on Monday upon learning that on Sunday, Rev. O. J. Kvale, pastor of the local Lutheran church for more than twenty years, had tendered his resignation to his people. He expects to take up work in the state of Minnesota. During

their stay in Orfordville, Rev. Kvale and his family have made many lasting friendships, and not only the members of his own church and congregation, but members of the community at large, will regret that they are going from us. He expects to leave the latter part of November or the early part of December.

FULTON

Fulton, Oct. 30.—Miss Artie Attlesley of Janesville, visited her brother's family over Sunday.

Oscar Ellefson was home from Chicago last week, returning on Sunday. The meeting of the social center, which was to have taken place last Friday night, was indefinitely postponed on account of bad weather.

Another letter from Bob Bentley in France says the army Y. M. C. A. does a great deal for the soldiers and is very warm in his praise of their work. He also states they have received their first pay and the Y. M. C. A. is able to supply the soldiers with tobacco and writing material and a great many other things.

Misses Mira and Ruth Parkinson of Waukesha, were here Saturday and Sunday visiting Mrs. August Handke. Baxter Sayre and Maurice Thompson were home from Madison over Sunday.

Alex. Fly was home over Sunday. The work the past week at Fort Sheridan was trench work, of which Alex. had eighty-eight hours' experience.

A baby boy arrived at the home of Mr. and Mrs. Charles Raymond on Wednesday, Oct. 24.

Misses Sweeney and Christensen attended the conservation meeting of Rock county teachers held at Janesville the past week.

The Fulton Red Cross has completed for their share of work, to be turned in November 1st, twenty pairs of socks, twenty wristlets, seventeen sweaters and nine scarfs. There still remain to be finished eleven scarfs, and the officers of the society request an extra effort on the part of those doing the work to finish and turn them in.

News Notes from Movieland

BY DAISY DEAN

Volva Vale is another example of a young woman who has realized her childhood ambitions. She has done more than realize her dearest wish, however, for she has become a star of the first rank and is noted as one of the most beautiful women on the screen.

Miss Vale was born in New York and was educated at Chevy Chase, Washington, D. C. Her first step towards the realization of her dreams was as an extra in pictures with Biograph. From there on her rise was rapid, as she did much work for the Biograph and Lasky studios. Since joining Balboa she has appeared in the following featured pictures: "The Secret of Black Mountain," "The Lady in the Library," and "Zollenstein." Other notable pictures in which she has appeared have been "Back to His

Kind" with Sessue Hayakawa, and with George Beban in "His Sweetheart" and "Ames Corner."

MOTHER CARES FOR HER MONEY

Norma Talmadge, who has been one of the highest paid motion picture stars, with a weekly salary of four figures for some time, and who now owns her own company and studio, has never had a bank account and never signed a check.

No, she doesn't keep her money behind the clock or hidden under a loose brick in the fireplace, either.

The fact of the case is Miss Talmadge simply turns everything over to mother—just as she used to in the days when she was making \$18 a week. She confessed to it the other day when she was asked to buy some boxes for

benefit. "I'll be glad to take them if you'll trust me," she said. "I haven't enough money with me."

"A check is as good as money," it was suggested.

Miss Talmadge shook her head with a smile. "I never had a check book in my life," she said. "And I've never had a bank account. But wait a moment."

She went to the phone and asked mother to write out one for her, and it transpired that mother had retained the habit of the \$18-a-week days, too—that of refusing daughter nothing. Which is more than a bank account will do. They refuse checks lots of times.

Arthur Ashley, who recently added acting for the legitimate stage to his acting and directorial capacities for the World Film corporation, has decided to continue with the screen for another year rather than renounce the pictures for the stage. He will continue with the World.

It is said that Freda Bere will wear forty-odd costumes in "Du Barry."

TIPPET BROTHERS ON FOOTBALL TEAMS

[BY ASSOCIATED PRESS.] Appleton, Wis., Oct. 31.—Three former Lawrence college football stars, Wait Tippet, Earl Tippet and Alden Thompson, are now active members of the representative eleven at the national army cantonments where they are stationed.

Wait Tippet, captain and left half of the Lawrence team in 1915, is now playing right half on the 32nd division squad at Camp MacArthur, and in a recent game between that division and the 125th infantry, made some sensational runs that resulted in his team winning by the score of 33 to 0. While in college here, Tippet played on the squad four years, being the youngest man in the state. He was also all state half for three years.

Lieut. Earl Tippet, a brother, was forced to abandon football at Battle Creek because of two much other work.

Thompson is also playing on the eleven at Battle Creek.

NOTICE TO APOLLO PATRONS:

Commencing tomorrow, November 1st, the Government will impose a War Tax of 10% on all theatre admissions.

Our plan for handling this tax will be as follows:

All 10c Vaudeville admissions will be 11c.
All 20c Vaudeville admissions will be 22c.
All 10c Picture admissions will be 11c.

All 15c and 20c Picture admissions will remain the same; no additional charge; this theatre will pay the War Tax on 15c and 20c pictures without imposing the same on the public.

Whenever Special Attractions are offered here, public announcement will be made sufficiently far in advance for the information of our patrons.

BADGERS PRACTICE IN SPITE OF SNOW

Madison, Wis., Oct. 31.—The varsity squad assembled Tuesday for their first practice game after the lower game. They reported on the lower campus for a brief scrimmage despite a muddy field and falling snow, before retreating to the gym annex for a long signal drill.

With the exception of Bondi the entire squad reported present and in good condition. Bondi has a swollen leg and will need several days rest before he will be able to use it, but with the best of care he should be out for practice about Wednesday. Davey and Kalkhefer have returned to active work.

New formations and tactics will be worked on this week and huge homecoming crowd at Camp Randall next Sunday may see Wisconsin figure in some interesting aggressive plays. Wisconsin will present the Gophers with a battle royal, so that the decision of the new stadium will be confirmed with a victory that will wipe out all past records, including the rout of last year.

TAX ON FARES AND MOVIES WILL TAKE EFFECT TOMORROW

Railroad Fares and Theatre Admissions Will Be Advanced Beginning Tomorrow, November 1.

Beginning tomorrow all railroad ticket agents will begin charging for the new eight per cent war tax on passenger fares. This new tax will affect passengers over the whole country, resulting in an enormous revenue being collected to help pay war expenditures.

Locally, this will mean that the fare to Chicago will be eighteen cents more than formerly, while the rate to Milwaukee will be raised twelve cents. This new tax will also raise the fares on the interurban, although only on tickets which now are more than thirty-five cents, so the fare to Beloit will remain the same.

Another provision of the new federal war tax will affect the admission prices of local theatres beginning tomorrow. Movie fans from now on will have to pay eleven cents in order to see their favorites of the screen in action. This ten per cent increase will also be charged for the higher priced shows.

Free Cooking School Opens This Afternoon

Thursday Program.

Musical program at 1:30.
Compliments C. W. Diehl, the Art store.
Lecture on Salads at 2:00 by Mrs. McKoin.
Demonstration of Salads to be served with Coffee.
Demonstration of Cake Baking and Decorating.
Demonstrations of Bread Making.

The Gazette goes to press at an hour too early to give full report to developments at the Gazette free cooking school which is being conducted at Terpsichorean hall this week under the direction of Mrs. J. L. McKoin of Nashville, but at the press hour the school is well started. The attendance today was heavy, hundreds of Janesville women showing their de-

sire to learn anything new in the problem of economizing foodstuffs. Mrs. McKoin began her lecture today shortly after 2 o'clock and her first demonstration was with a rolled meat roast. When she procured her meat at the Stupp market this morning Mrs. McKoin asked for the bones, and these she displayed this afternoon when demonstrating the roast. "When you buy meat," said Mrs. McKoin, "ask for the bones. They are yours, you pay for them. The bones can be boiled for soup, or, if you do not care for soup, boil them down, sift the fats, and use them for salads." Mrs. McKoin in her salad demonstrations tomorrow will use some of the fats procured in this way. In her roast demonstrations, Mrs. McKoin's method was strikingly different. She used no water, but placed the roast in a greased pan with strips of bacon fat. By this method she assured the ladies that the shrinkage of the roast would be less and the flavor finer. Mrs. McKoin used rice extensively today and also talked extensively on food values in general. She advised the use of milk products, stating they are a most natural food. She advised housewives to make a study of methods to use leftovers. "Do not simply warm the leftover roast or other foodstuffs," said Mrs. McKoin, "but give them a thorough treatment. It all depends upon the flavoring," said the

southern cook. Mrs. McKoin in her demonstrations thus far shows a strong tendency to favoring. She comes from the south, the land of good cooks and is evidently a southern expert in favoring. In the use of pork chops, Mrs. McKoin used little red candies to flavor, and garnished the dish with stuffed apples and parsley. "Use red pepper," said Mrs. McKoin in the course of her talk on favoring. "The black pepper does not dissolve and is injurious to the stomach." Mrs. McKoin's kitchen consists of a McDougall kitchen cabinet, furnished by the W. H. Ashcraft Furniture company, and other kitchen appliances, including a table and refrigerator. The McDougall kitchen cabinet is used by the famous cook wherever she goes. A number of displays greeted the ladies of Janesville as they entered the auditorium this afternoon. A large Calumet baking powder display on one side of Mrs. McKoin's kitchen was balanced by a display of Chase & Sanborn teas and coffees on the other. In the center was one of Golden Palace flour, which flour Mrs. McKoin will use in all of her baking. On Thursday Mrs. McKoin will demonstrate salads for the most part, but cakes and bread will take up some part of the program. Salads with waters will be served with coffee to all the ladies in attendance.

THE ELECTRIC RANGE Practical and Economical

Mrs. McKoin Using Electric Range for Cooking and Baking at Gazette Cooking School

At Terpsichorean Hall All This Week

This is the opportunity for Janesville housewives to learn the economy and efficiency of the Electric Range.

The cost of operating an Electric Range is really very small indeed.

Aside from the economy of operating, the Electric Range saves materials. There is less shrinkage in a roast of meat when roasted in the electric. The Electric Range will save you fifteen per cent in materials.

Readings of the meter will be made, and the cost of operating the Electric Range at the cooking school will be announced.

Attend the school fair at the Masonic hall next afternoon and evening, November 2.

The Misses Pauline Kelley and Ruth Stevens and Allan Silvernorn who are attending the high school in Janesville will leave for their home on Friday as holidays as the school will not be in session on those two days.

Footville is experiencing some unusually cold weather for this time of the year.

A great treat is in store for the amusement loving citizens of this vicinity when the "Evansville Dramatic Club" presents "The Great War and the Great Peace" at the "Way Down East" in the Masonic hall next Saturday evening for the benefit of the Red Cross society. No one should miss this great play. Every one who has been in the good work and remember that Saturday evening, Nov. 3rd, is the date.

Mr. Choate of Evansville was a business caller here on Monday.

Mr. Lowry boarded the Friday noon train for Evansville where she will assist in the work of the Royal Neighbors for several days.

There will be a show in the hall on Monday evening but owing to the storm and extremely cold weather, did not have a very full house.

And Mrs. Verne Wells' entertained company from Evansville on Monday.

Tom Roehl came out from Janesville on Tuesday morning train.

George Gooch returned on Tuesday home after a few days spent at the home of Mr. and Mrs. Bert Silvernorn near Chetek.

London, Oct. 31.—Several detachments of American soldiers in training for aviation work are now located at a headquarters within the city of Greater London, and are seen during their leisure hours sightseeing about the city or doing their shopping along Regent street, Bond street, or in the suburban district of Hammersmith.

To the British eye, the notable difference between the Americans in training and the British squads along the coast is the absence of the democratic flavor in the American ranks. In one American camp the spirit of self-government is carried so far that no commissioned officer is on duty, the democratic detachment being under the command of a senior non-commissioned officer. He is commonly called "sergeant-major" and must be a man of considerable character.

Although his concept that which suggests the navy rather than the army, is master signaling electrician.

When the United States came into a war, the British in charge of a group of men on constructional work in the United States. The men under him have been recruited chiefly from automobile factories in America.

The British in charge of the squad is at present devoting its time to learning the construction of an aeroplane. The men are at times a little impatient of the discipline of the British instructors and would rather have a little less theory and a little more practice. But they know that it is only a matter of a few weeks now.

In the matter of discipline, the Americans are a little less obedient than the British. The British officers are a little more strict. "For instance," said one "we tamper custom with judgement. I am officer looks as if he was tired of rating his arm and the British salute," go around the streets salute "bunting".

Manila, Oct. 31.—Whether Chinese labor shall be imported to the Philippines to till the thousands of acres of farm land which now lie idle is the subject of a controversy on which is expected to be fought out in the present session of the Philippine congress. Chinese immigration is now being barred by the government of the United States and any attempt to import Chinese in large numbers must have the consent of the administration at Washington.

The annual farmers' congress of the Philippines recently voted to favor Asiatic immigration. This movement, the only laborers available. Combating this movement on the part of the farmers' representatives of organized labor, the congress took a strong stand in the insular legislature against letting down the bars to the Chinese.
